

Amin Milani Fard

CONTACT INFORMATION *Address:* Room 4355, West Mall Centre, 8888 University Drive, Burnaby BC, Canada V5A 1S6
email: a.milanifard@gmail.com | *web:* <http://www.ece.ubc.ca/~aminmf>
Office Phone: 778-782-5559

RESEARCH INTERESTS Web Software Analysis, Testing, and Maintenance
Social Media/Network and Big Data Analysis
Data Privacy and Security
Empirical Software Engineering

EDUCATION **The University of British Columbia (UBC)**, Vancouver, Canada
 Ph.D., Electrical and Computer Engineering, May 2012 - Jan 2017
 Thesis: Directed Test Generation and Analysis for Web Applications
Simon Fraser University (SFU), Burnaby, Canada
 M.Sc., Computer Science, Jan 2009 - Dec 2010
 Thesis: Clustering-based Web Query Log Anonymization
Ferdowsi University of Mashhad (FUM), Mashhad, Iran
 B.Sc., Computer Engineering (Software), Sep 2003 - Jul 2008
 Project: Agent-based Data Mining using Game Theory and Soft Computing

RESEARCH AND TEACHING EXPERIENCE **Visiting Faculty**, *Beedie School of Business*, SFU, Burnaby, Canada, May 2017 - Now

- Developed the course outline and content for a new course, called Business Systems Development, for senior undergrads in BBA with MIS concentration. The course imparts technical skills to help students in converting their system design into a working web-based prototype.
- Teaching senior undergrad courses: Business Systems Development (Selected Topics in Business Administration for the first two semester), Business Analytics (Business Intelligence)

Post-Doc Researcher, *Ryerson University*, Toronto, Canada, Mar 2017 - Now

- Conducting research on social media/network analysis with the focus on future links prediction at the Laboratory for Systems, Software and Semantics.

Graduate Research Assistant, *Software Analysis and Testing lab.*, UBC, Canada, 2012 - 2017

- Conducting research on automated techniques for web applications analysis and testing.
- Writing reaserch grant proposal for my NSERC scholarship.
- Mentoring and supervision for master students.

Research Associate, *Algorithms and Complexity Group*, SFU, Canada, 2011 - 2012

- Design and implementation of a courier scheduling system.
- Attending business sessions to discuss a MITACS project with the client.

Research Assistant, *Beedie School of Business*, SFU, Burnaby, Canada, March 2012

- Mining LinkedIn data for the project "mining data on open source software community".

Instructor, *Columbia College*, Vancouver, Canada, Summer 2011

- Teaching Introduction to Computer Science and Programming I (Python).

Research Assistant, *Database and Data Mining Lab.*, SFU, Burnaby, Canada, 2009 - 2011

- Researching on protecting link privacy in social networks, clustering-based web query log anonymization, economical search modelling for P2P systems, and group discovery.

Teaching Assistant, SFU, Burnaby, Canada, Spring 2009 - Spring 2010 and Spring 2012

- *Beedie School of Business*: Business Data Management
- *School of Computing Science*: Data Structures and Algorithms, Introduction to Computer Science and Programming II (Java), Introduction to Multimedia and the Internet

Instructor, *Iranian Academic Center for Education, Culture and Research*, Mashhad, Iran, 2007 - 2008

- Teaching Software Engineering Lab., Artificial Intelligence and Logic Programming, Object Oriented Systems Design, Algorithm Design.

Team leader/Researcher/Developer, *Software Simulation and Modeling Lab.*, Ferdowsi University, Mashhad, Iran, 2005 - 2009

- Design and implementation of autonomous software agents and conducting AI research
- Team leader of Nexus Robocop soccer simulation team

Research Assistant/Developer, *Ferdowsi University Internship Center & Iran Khodro SAPCO Mfg.*, Mashhad, Iran, 2005

- Design and implementation of a surface roughness estimator for axial parts using image processing and neural networks.
- Attending technical meetings with Iran Khodro SAPCO Mfg. engineers.

Teaching Assistant, *Ferdowsi University of Mashhad*, Iran, Spring 2005 - Spring 2008

- Algorithm Design and Analysis, Artificial Intelligence, Database System Design, Compiler Design, Data Structures and Algorithms, Discrete Structures

INDUSTRY
AND
BUSINESS
EXPERIENCE

Co-founder and CEO, *AnalyticsBuffet Inc.*, Vancouver, Canada, July 2015 - Now

- Managerial, and marketing: Writing proposals for industrial grants, meeting with business clients and technical team, managing NRC-IRAP grant, training software engineering interns, product market validation, and financial management.
- Technical: Design and implementation of a tool for automated testing and debugging of web applications.

Business and Technical Advisor, *Smart Parks Canada*, Vancouver, Canada, 2016 - Now

- Providing business and technical consultation to a group of SFU students regarding their startup ideas in IoT for intelligent monitoring and management for park facilities (winner of the SFU Venture Connection Top Idea Prize).

Technical Writer, *BeneFACT Consulting Group*, Toronto, ON, Canada, 2011 - 2013

- Producing technical reports for submission to the SR&ED tax credit program, identification and summarization of technological challenges in software development process.

Software Developer, *Intelligent Systems Co.*, Mashhad, Iran, 2002 - 2008

- Contributing in the design and implementation of different projects including management information system (MIS), official and industrial automation, transition controlling system, remote video monitoring systems, and content management system (CMS).

HONORS,
AWARDS
AND
GRANTS

IEEE Best Paper Award Nominee, IEEE ICST 2017, Tokyo, Japan
NRC Industrial Research Assistance Program (IRAP) Grant, (\$40,000) National Research Council Canada 2016, Vancouver, Canada
ACM SIGSOFT CAPS Grant Award, (\$1,800 USD) ACM, 2014 and 2015
NSERC Alexander Graham Bell Canada Graduate Scholarship (CGS-D), (\$35,000/year) Natural Sciences and Engineering Research Council of Canada, 2013-2016, Vancouver, Canada
Four Year Fellowship Award, (\$22,000/year) UBC, 2012, Vancouver, Canada
Faculty of Applied Science Graduate Award, (\$4,000) UBC, 2012-13, Vancouver, Canada
Graduate Fellowship Award, (\$6,250), SFU, 2010, Burnaby, Canada
Additional Scholarship, Offered \$3000 more than the school's standard financial support for master students, 2009, SFU, Burnaby, Canada
Exceptional Talents Admission Award, Entering university without taking national universities entrance exam, FUM, 2003, Mashhad, Iran
1st Rank Khwarizmi Award, (5 golden coins \approx \$1,800) Awarded by Iran's President Mohammad Khatami for outstanding achievement in research and innovation in science and technology, Khwarizmi Young Festival 2002, Tehran, Iran
Research Medal, National Research Inst. for Science Policy, Ministry of Science, 2002, Iran
2nd place, Khwarizmi National Robotics Competition, 2008, Tehran, Iran
4th place, IEEE Robotics Competition, 2008, Rio de Janeiro, Brazil
5th place, BICup: Business Intelligence Data Mining Challenge, 2006, Santiago, Chile
9th place, RoboCup International Robotics Competition, Soccer Simulation, 2007, Atlanta, US
19th place, Asia Regional ACM ICPC Programming Contest, 2007, Tehran, Iran
h-index = 10, **i10-index** = 11 (Google scholar, Oct 7, 2017), **Erdős Number** = 4

- PRESENTATIONS
AND GUEST
LECTURES
1. *Link Prediction in Social Networks*, Ferdowsi University of Mashhad (FUM), Aug, 2017
 2. *Directed Test Generation for Web Applications*, UBC, Oct, 2016
 3. *Directed Model Inference for Analysis of Web Applications*, FUM, Oct, 2015
 4. *Automating Web Application Testing and Analysis*, FUM, Nov, 2013
 5. *Search-based Software Engineering*, FUM, May, 2012
 6. *Privacy-Preserving Data Mining and Publishing*, FUM, Oct, 2010

ACTIVITIES
AND
SERVICES

Reviewer:
ACM Transactions on Knowledge Discovery from Data (TKDD)
IEEE Transactions on Software Engineering (TSE)
Journal of Systems and Software (JSS)
ACM/IEEE International Conference on Software Engineering (ICSE), 2016, 2017
IEEE International Conference on Software Maintenance and Evolution (ICSME), 2014
The Working Conference on Mining Software Repositories (MSR), 2016
International World Wide Web Conference (WWW), 2013
IEEE International Conference on Software Testing, Verification and Validation (ICST), 2012
IEEE Working Conference on Reverse Engineering (WCRE), 2012, 2013
IBM International Conference of the Centre for Advanced Studies (CASCON), 2012
ACM International Conference on Information and Knowledge Management (CIKM), 2010
IEEE International Conference on Social Computing, (SocialCom), 2009, 2010
IEEE/WIC/ACM International Conference on Web Intelligence, (WI), 2010
IEEE International Conference on Data Mining (ICDM), 2009
IEEE International Conference on Innovations in Information Technology (IIT), 2006

Program Committee:
IEEE International Conference on Intelligent Systems Design and Application (ISDA), 2007

Membership:
Student member of SIGSOFT, ACM, SIAM, IEEE (2008-2016)

Advising, Supervision, and Mentoring:

- Business and technical advisor for Smart Parks Canada (Venture Connection Idea Prize winner), 2016-Now
- Advised and mentored 3 graduate (master) students with their research in the Software Analysis and Testing lab. (one mutual published paper) UBC, Canada, 2012 - 2017
